🌐 Muneefa Hasan

Motivated Computer Science student at Eastern University, Trincomalee Campus, passionate about Full Stack Development and UI/UX Design. Skilled in building dynamic, user-centric applications with expertise in both frontend and backend technologies. Seeking opportunities to develop innovative and scalable solutions while enhancing user experience through intuitive design.

AREAS OF EXPERTISE

Full Stack Web Development	UI/UX Design	Machine Learning
Responsive Web Design	Frontend & Backend Integration	Database Management

ACCOMPLISHMENT

Mobile-Based Real-Time Vehicle License Verification System (Final Research Project) Present

Developed a real-time ANPR application using FastAPI, PostgreSQL, and microservices, implementing role-based access control and a responsive frontend using HTML, CSS, and JavaScript.

Yarl Geek Challenge

Successfully completed the Startup Essentials Program. As part of Team CropCrafters, developed **2025** CropCoach, an intelligent agricultural recommendation system for crop, fertilizer, and tool suggestions.

Ocean Protection Mobile App 2025

Designed UI/UX using Figma, including user flows, wireframes and interactive prototypes to raise awareness about ocean safety and environmental issues.

Sri Lanka Railway Website Redesign - UI/UX Project 2025

Conducted a UI/UX redesign using Figma to improve mobile usability and accessibility, applying user-centered design principles.

Mehendi Gallery Website 2024

Designed and developed a dynamic website using HTML, CSS, and JavaScript for the frontend, and PHP with SQL for backend functionality, enabling smooth image management and user interaction.

EDUCATION

Bachelor of Science in Computer Science

Trincomalee Campus, Eastern University of Sri Lanka

2023 - 2026

ADDITIONAL INFORMATION

Languages : English, Sinhala, Tamil

Certifications : Python Programming & Frontend Development: CODL - UOM, Sri Lanka,
Cre8X 2.0: National Level Inter-University UI/UX Designathon – KDU,
UI/UX Design with Figma: Simplilearn,
Startup Essentials Program: Uki Yarl IT Hub

TechnicalSkills: HTML,CSS, JavaScript ,Next JS, MySQL, PostgreSQL, Python, Java, C++, GitHub, PHP,Figma, Adobe XD, Canva

SoftSkills : Creativity & Innovation, Leadership, Communication, Fast Learner ,Teamwork, Problem Solving and Critical Thinking
