 [Muneefa Hasan](#)

Motivated Computer Science student at Eastern University, Trincomalee Campus, passionate about Full Stack Development and UI/UX Design. Skilled in building dynamic, user-centric applications with expertise in both frontend and backend technologies. Seeking opportunities to develop innovative and scalable solutions while enhancing user experience through intuitive design.

AREA OF EXPERTISE

Full Stack Web Development	UI/UX Design	Machine Learning
Responsive Web Design	Frontend & Backend Integration	Database Management

ACCOMPLISHMENT

Mobile-Based Real-Time Vehicle License Verification System (Final Research Project)	Present
Developed a real-time ANPR mobile app for vehicle license verification with role-based access, database integration, and microservice architecture.	
Yarl Geek Challenge	2025
Successfully completed the Startup Essentials Program. As part of Team CropCrafters, developed CropCoach, an intelligent agricultural recommendation system for crop, fertilizer, and tool suggestions.	
Ocean Protection Mobile App	2025
Designed UI/UX using Figma, including user flows, wireframes, and interactive prototype to raise awareness about ocean safety and environmental issues.	
Sri Lanka Railway Website Redesign - UI/UX Project	2025
Conducted a UI/UX redesign using Figma to improve mobile usability and accessibility, demonstrating practical implementation of user-centered design principles.	
Mehendi Gallery Website	2024
Designed and developed a dynamic website using HTML, CSS, and JavaScript for the frontend, and PHP with SQL for backend functionality, enabling smooth image management and user interaction.	

EDUCATION

Bachelor of Science in Computer Science	2023 - 2026
Trincomalee Campus, Eastern University of Sri Lanka	

ADDITIONAL INFORMATION

- Languages :** English, Sinhala, Tamil
- Certifications:** Python Programming & Frontend Development: CODL, - UOM, Sri Lanka, Cre8X 2.0: National Level Inter-University UI/UX Designathon – KDU, UI/UX Design with Figma: Simplilearn, Startup Essentials Program: Uki Yarl IT Hub
- Technical Skills:** HTML,CSS, JavaScript, MySQL, Python, Java, C++, React JS, GitHub, PHP, User Interface Design, Figma, Adobe XD, Next JS, Canva
- Soft Skills:** Creativity & Innovation, Leadership, Communication, Fast Learner ,Teamwork
